Thank you for considering Summerfield Waldorf High School as you embark on the journey of choosing a High School for your family—we know that choosing a High School is not a decision to make lightly. With its rigorous educational program, Summerfield is uniquely positioned to engage its students and faculty, creating a learning environment that fosters the awakening consciousness and abilities of students academically, socially and artistically. We hope you will join us to experience what a Summerfield High School education offers.

How to Apply to Summerfield Waldorf High School

Go to www.summerfieldwaldorf.org;

Step 1: Print out the Application document, which includes:

- the Parent Questionnaire;
- the Student Questionnaire (includes instructions for a 600-750 word essay);
- recommendation forms for a current Math and Humanities/English teacher;
- two Release of Records forms;

Step 2: Fill out all forms;

Step 3: *Optional:* Parents are invited to include a note commenting on the nature and personality of their student;

Step 4: Submit to the Admissions Office:

- all completed application documents;
- a photo of your student;
- copies of the last two years of your student's school records, (to expedite the process), and;
- a \$95 Application Fee (\$150 for the International Application). Pay online on the *Apply Now* page of www.summerfieldwaldorf.org (by ACH* or Credit Card), or in person.
****ACH, check or cash is the preferred method of payment so your entire fee goes to the school rather than a portion being paid to the credit card companies.***

After a review of the application, a personal interview will be scheduled with students, parents, and members of the High School faculty. This is an opportunity for the High School to get to know your family better, and a chance for you to ask questions. Admission is open to all qualified students regardless of race, creed, gender, or sexual orientation, and is based on a review of academic transcripts, personal interviews, and teacher recommendations.

Beginning December 1 of each year, applicants may apply for financial assistance via Summerfield's website at www.summerfieldwaldorf.org. Under the QuickLinks section of the website, parents will find the detailed instructions and relevant links needed to apply for financial assistance. Financial assistance grants are announced in conjunction with decision letters.
